

Breaking Benjamin - Forget It

```
Intro: Eb Gm
It's a crime you let it happen to me
Nevermind, I'll let it happen to you
Out of mind, forget it there's nothing to lose
But my mind and all the things I wanted
Everytime I get it I throw it away
It's a sign, I get it, I wanna stay
      Dbm
By the time I lose it I'm not afraid
Of looking at you truly fake it
[Refrão]
                            Abm
How can I believe when this cloud hangs over me
          Dbm
You're the part of me that I don't wanna see
       Abm
                  Dbm
Forget it (forget it, forget it, forget it...)
There's a place I see you follow me
Just a taste of all that might come to be
I'm alone but only breath you can breathe
To question every answer coming
[Ponte]
Just send away
