[Primeira Parte]

I was caught up in your brown eyes
Lookin' up at the blue skies
Really made me realize
They don't make 'em quite like you

Cinnamon skin in the sunshine
Stop time in the moonlight
Really made me feel like
Like I could fall for you

[Pré-Refrão]

Then one day you were just gone
And I've been wonderin' for so long

[Refrão]

Oh, was it your heart or mine?
Was it just the wrong time
Gabrielle?

(C G)

We never got very far
But, girl, wherever you are
I wish you well
Gabrielle

(G D C G)
(C G C)

[Segunda Parte]

You were pickin' flowers on a side road
Leanin' back on a fence post
Couldn't help but notice
You were wantin' somethin' more

I was starin' off in the distance
Blinked twice and I missed it
Can we just rewind it
Like it was before?

[Pré-Refrão]

And I woke up and you were gone
And I've been wonderin' for so long

[Refrão]

Oh, was it your heart or mine?
Was it just the wrong time
Gabrielle?

(C G)

We never got very far
But, girl, wherever you are
I wish you well, oh
Gabrielle

(G D)

C G
Mmmm, oh

(C G C)

[Ponte]

And the miles, they fly by
Until you land back home again
And do you ever wonder
What we might have been?

[Terceira Parte]

I can still see ya standin' there
Sun shinin' behind your dress
Your silhouette

Mmh, so perfect
Take me back there
Take me back there

[Refrão]

Oh, was it your heart or mine?
Was it just the wrong time
Gabrielle?

(C)

We never got very far
But, girl, wherever you are
I wish you well, oh
