Tom: E

(com acordes na forma de C )

Capostrate na 4ª casa

Mercy  
 Why you gotta show up looking so good just to hurt me  
 Why you wanna stop this whole damn world from turning  
 Mercy  
 Why you hanging on so tight if this ain't working  
 Why you wanna stop this flame if it's still burning  
 ?Cause it's still burning

So if you're gonna break my heart, just break it  
 And if you're gonna take your shot, then take it, take it  
 If you made up your mind, then make it, make this fast  
 If you ever loved me

Have mercy  
 If you go out tonight and get drunk and lonely  
 Wind up home alone, please don't call me  
 And say you miss me, no

If you're gonna break my heart, just break it  
 And if you're gonna take your shot, then take it, take it  
 If you made up your mind, then make it, make this fast  
 If you ever loved me

Have mercy, woah  
 Oh have mercy  
 If you're gonna break my heart, just break it  
 If you're gonna take your shot, take it, take it

Oh, if you're gonna break my heart, just break it  
 And if you're gonna take your shot, then take it, take it  
 If you made up your mind, then make it, make this fast  
 If you ever loved me, mmmh, if you ever loved me

Have mercy  
 Oh, have mercy  
 Oh, have mercy  
 Have mercy
