[Primeira Parte]

I?m packing up, I?ve gotta move
I?m gon' blow a fifty-foot hole
Through the dark clouds in my room
I?m making a change
I'm gonna start today
I?m gon' roll these dice with a song tonight
I'm gonna whip these blues away
And I?m gon' run so far they'll never find me again

[Refrão]

But I ain?t leavin?, I ain?t leavin?
'Less I?m leavin? here with you
I?ve been patient while I waited
But I feel it?s time to move
You?ve been crying, yeah, I?ve seen you
Honey, I?ve been crying too
If your prayers don?t get to Heaven
I?m gon' keep them safe for you
If your prayers don?t get to Heaven
I?m gon' keep them safe ?til they do

[Segunda Parte]

I just wait in cold, cold gray
But I know like I?ve been told, yeah, mama said, ?Hold on to hope?
She whispers sweet, "there's a light and glory"
But you gotta burn that sound of the voices out
That wanna bring you to your knees
You gotta run so far they'll never find you again

[Refrão]

But I ain?t leavin?, I ain?t leavin?
'Less I?m leavin? here with you
I?ve been patient while I waited
But I feel it?s time to move
You?ve been crying, yeah, I?ve seen you
Honey, I?ve been crying too
If your prayers don?t get to Heaven
I?m gon' keep them safe for you
If your prayers don?t get to Heaven
I?m gon' keep them safe ?til they do

[Ponte]

And when I was a child, a dream came to me
Well, every soul hanging low found its piece of dignity
'Til that dream gets to Heaven, you can ride this train for free
'Til that dream gets to Heaven, you can ride this train on me
And we gon' run so far they'll never find us again

[Refrão]

But I ain?t leavin?, I ain?t leavin?
'Less I?m leavin? here with you
I?ve been patient while I waited
But I feel it?s time to move
You?ve been crying, yeah, I?ve seen you
Honey, I?ve been crying too
If your prayers don?t get to Heaven
I?m gon' keep them safe for you
If your prayers don?t get to Heaven
I?m gon' keep them safe ?til they do
