

Bright Eyes - You Will

Tom: A

E E E (X2)

Well you say, that I treat you like a book on a shelf.

I don't take you out that often cause i know i've completed you

and that why you are here.

That is the reason you stay here.

How awful that must feel.

You said you'd be my dream. I could have you every night,

and if, by morning I, I'd forgotten you, well, no big deal it'd be alright

cos you are the reoccurring kind.

You never really leave my mind

Are you the love of my lifetime? Because there have been times I have had my doubts

We were just kids when i first kissed you in the attic of my

parents house

and I wish we where there now

It took so long to figure out

What this book has been about

Now I write when I'm away letters that you'll never read

You said go explore those other women, the ge-ogra-phy of their bod-ies

but there is just one map you'll need

You are a boom-erang. You'll see.

You will return to me

You Will, you Will...
(Repeat as needed)

If you don't, the this book is all lies. If you don't, then my plans would all

be ruined. If you don't, I'll start drinking like the way i drank before

And I just wouldn't have a future anymore.
