

Bring Me The Horizon - Hospital For Souls

Tom: C

(com acordes na forma de G)
 Capostrate na 5ª casa
 And then I found out how hard it is to really change
 Even hell can get comfy once you've settled in
 I just wanted the numb inside me to leave
 No matter how fucked you get, it's always there when you come
 back down
 The funny thing is, all I ever wanted, I already had
 There's glimpses of heaven in every day
 In the friends that I have, the music I make
 The love that I feel... I just had to start again

(Em C Am Em)

Em
 The days are a death wish
 C
 A witch hunt for an exit
 Am Em (D)
 I am powerless

Em
 The fragile, the broken
 C
 Sit in circles and stay unspoken
 Am Em (D)
 We are powerless

Em
 Because we all walk alone on an empty staircase
 C
 Silent halls and nameless faces
 Am Em D
 I am powerless

Am
 Everybody wants to go to Heaven
 C
 But nobody wants to die
 Am
 I can't fear death no longer
 C (Am)
 I've died a thousand times

Am
 Why explore the universe
 C
 When we don't know ourselves?
 Am
 There's an emptiness inside our heads
 (Am)
 That no-one dares to dwell

Em C
 Throw me to the flames!
 Am Em
 Watch me burn!
 Em C
 Set my world ablaze!
 Am Em
 Watch me burn!

C
 How are we on a scale of one to ten?
 Am
 Could you tell me, what you see?
 C
 Do you want to talk about it?
 D
 How does that make you feel?

C
 Have you ever took a blade to your wrists?
 Am
 Have you been skipping meals?
 C
 We're going to try something new today
 C Am Em
 How does that make you feel?

Em D
 Hold me close, don't let go, watch me (burn)
 C Am
 Hold me close, don't let go, watch me (burn)
 Em D
 Hold me close, don't let go, watch me (burn)
 C Am
 In this hospital for souls
