tom:

 Capotraste na 1ª casa

Maybe I'll just be **Dbm** fucked up forever **E**
 Should have **A** figured myself out by now
 And I don't want to tear myself open, no
 But it's hard to care when you bleed out **Gbm**

So won't you break me down, break me down **Dbm**
 Make me get better **E**
 I confess: I'm a mess, some kind of error **Gbm**
 Well maybe I was destined to disappear **Dbm E A**

We're just a room full of strangers **Dbm**
 Looking for something to save us **E Gbm**
 Alone together, we're dying to live **Dbm**

And we're **E** living to die
 Dying to live, living to die **A**
 We're just a room full of strangers **Gbm Dbm E**

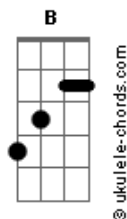

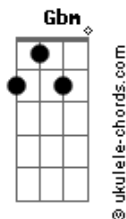

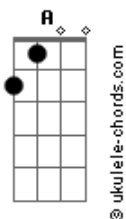

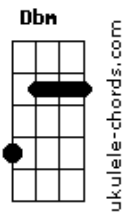

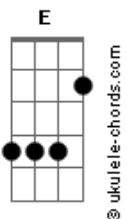

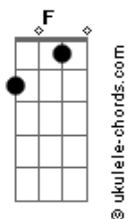

(**A Gbm**)

Well I guess my guardian angel missed the memo **Dbm E**
 'Cause we're walking on razors again **A Gbm**
 And we swore to God we'd never let this happen, no **Dbm E**
 We've dragged ourselves through hell **A**
 And we'll be damned if we go back **Gbm**
