Someone so warm

Someone so kind

F Am
You're led just by the road

You're tired and you know best

The way he tried to help you rest

Oh what a body, tanned by sun

Tall and lean
Gm Dm
A body built by angels

Built to know just what I mean

And make the floor his own

While I, I take my time

Left alone to ride the flow

But songs, at fall of night

Though I'm away, make it alright

Tall and lean
Gm Dm
A body built by angels
