

Britney Spears - Autumn Goodbye

Tom: **Bb**

(Chorus)
 I never promised you a happy ending
 You never said you wouldn't make me cry
 But summer love won't keep us warm long after
 Our autumn goodbye, autumn goodbye, autumn goodbye.

Thinking of you
 And the love of our lives
 In the sweet summertime
 so sad but true (so true, so true)
 We must leave it behind in our heart in our mind.
 From April through September
 Bittersweet was the love that we shared don't forget I
 remember

(Chorus x 2)

Memories can fade (they can fade)
 But my heart has a place for the smile on your face(on your
 face)
 And maybe someday (someday)

We can be more than friends love will find us again.
 Red leaves and blue tomorrows
 Time will give back the love that we shared on the time that
 we
 borrowed

(Chorus x 2)

From April through September
 Bittersweet was the love that we shared don't forget I
 remember
 baby ooooooooooooo

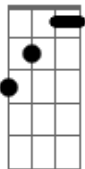

(Chorus x 2)

We'll leave behind the summertime, our hearts our minds
 They will remind, we won't forget
 The day we met
 The day we cried
 autumn goodbye

(Chorus)
 (2nd chorus fades out)
