

Britney Spears - Bombastic love

Tom: C

I, I'm here to testify
 That you're the only one I belong to
 I don't know where to start
 It turned into an art
 Not to show the world that it was you
 Who made me realize
 Not to compromise
 The fact that you and I should meet
 I know we're gonna get (know we're gonna get) (get)

Chorus
 Bombastic love
 So fantastic
 Where I'm completely yours and you are mine
 And it's gonna be exactly like in a movie
 When we fall in love for the first time
 End chorus

Dont know why I feel so insecure
 I never understood what it stood for
 I gotta make sure the darkness
 won't stop me again
 I can't sit and wait anymore

You made me realize
 Not to compromise
 The fact that you and I should meet
 I know we're gonna get (know we're gonna get) (get)

Chorus
 Bombastic love

So fantastic
 Where I'm completely yours and you are mine
 And it's gonna be exactly like in a movie
 When we fall in love for the first time
 End chorus

It's gonna be bombastic love
 Everything is gonna be alright
 When I'm yours and you are mine
 It's gonna be fantastic love
 When I wake up everything is still the same
 and you don't even know my name

(opera singing)

...I know it's gonna be

Chorus
 Bombastic love
 So fantastic
 Where I'm completely yours and you are mine
 And it's gonna be exactly like in a movie
 When we fall in love for the first time
 End chorus

I know we're gonna get (know we're gonna get) (get)

Chorus
 Bombastic love
 So fantastic
 Where I'm completely yours and you are mine
 And it's gonna be exactly like in a movie
 When we fall in love for the first time
