

Britney Spears - Cinderella

Tom: F

I used to be your girlfriend and I know I did it well
 Oh yes you know it's true
 You'd call me Cinderella
 All you had to do was yell
 And I'd be there for you

Here I am
 So try to forgive me
 I don't believe in fairy tales
 Here we are
 With nothing but honesty
 I've had enough
 I'm not gonna stay

I'm sorry for running away like this
 And I'm sorry
 I've already made my wish
 Ah, But Cinderella's got to go

From time to time I'd try to tell just what was on my mind.
 You'd tell me not today.
 Come back, do that.
 Wheres Cinderella at?
 Was all you had to say

Here I am
 So try to forgive me
 I don't believe in fairy tales
 Here we are
 with nothing but honesty
 I've had enough
 I'm not gonna stay

I'm sorry for running away like this

And I'm sorry I've already made my wish
 Ah, But Cinderella's got to go

I'm sorry, just trying to live my life
 Don't worry you're gonna be alright...
 But Cinderella's got to go

(whisper)
 I used to say I want you
 You cast me in your spell
 I did everything you wanted me to...but now I shall

Break free from all your lies
 I won't be blind, you see
 My love, it can't be sacrificed
 I won't return to thee

I'm so sorry
 Ive already
 Made up my mind
 I won't return to thee

I'm sorry to say, I'm running away now
 Don't worry, you will be alright

I'm running away
 I've made up my mind now
 You're gonna have to let me go..
 'coz she's gotta go..

I'm sorry for running away like this
 And I'm sorry
 I've already made my wish
 Ah, But Cinderella's got to go
 I'm sorry, just trying to live my life
 Don't worry you're gonna be alright...
 But Cinderella's got to go
