

Britney Spears - He About To Lose Me

Tom: Db

ah, eh eh)

I got someone waiting at home

He says he in love but lately I just don't know

He don't see me or make me feel hot

Banging in the club with all of my ladies and he don't know that

I feel it burning and I know I'm standing far too close (eh, ah, eh eh)

I'm telling lies and if it shows I see that he don't care (eh, ah, eh eh)

I know he wants to take me home and get on out of here (eh, ah eh eh)

He about to lose, 'bout to lose, 'bout to lose me

He about to lose me! (eh, eh)

He about to lose, 'bout to lose, 'bout to lose me

He about to lose me! (eh, eh, eh)

(Eh, eh, eh. Eh, eh)

Someone by the bar keeps looking at us dancing

I see him staring at me, I see what he wants to be

Someone by the bar keeps looking at us dancing

I gotta... I gotta go... He don't know that

He about to lose, 'bout to lose, 'bout to lose me

He about to lose me! (eh, eh)

He about to lose, 'bout to lose, 'bout to lose me

He about to lose me! (eh, eh)

He about to lose, 'bout to lose, 'bout to lose me

He about to lose me! (eh, eh, eh)

I feel my body losing focus as he touches me (eh, ah, eh eh)

And I should go, but I can't overcome this chemistry (eh, ah, eh eh)

He pulls me close before he whispers something in my ear (eh, ah, eh eh)

He says he wants to take me home and get me out of here (eh, eh eh)

I'm touching hands with someone seriously beautiful (eh, ah, eh eh)
