

Britney Spears - Heart

Tom: C

Heart

I know I've been hard on you

I'm sorry for the things I put you through

Before you start to break on me

Or ask for sympathy

I need to make you see

Oh heart

I'm not sure it's been long enough

To say that what I feel is really love

There is just one way to learn

Sometimes we'll get hurt

And right now it's our turn

Give it time

Help me through

Heart we can do this together

You're my strength

You're my soul

I need you now more than ever

Heart

All the hurt will soon be gone

If you, if you'll just keep on being strong

You will always be my friend

So keep on hanging in

And we'll find love again

Give it time

Help me through

Heart we can do this together

You're my strength

You're my soul

I need you now more than ever

Heart

I know I've been hard on you

I'm sorry for the things I've put you through

Please don't you break on me

I need to make you see

It wasn't meant to be

'Cause you, we'll always be my friend

So keep on hanging in

And we'll find love again

Acordes
