

Britney Spears - One Kiss From You

Tom: Bb

I'm dreaming of one kiss from you A love long and true We'll go on and on and

I don't wanna hear that I'm too young
To know it's love that makes me feel this way
'Cause I don't have to feel the heat of the sun
To know it's shining on me every day
When it's warm outside
And the look in your eyes
Is longing to show me the way
I don't want to wait

Just one kiss from you, and suddenly I see the road laid out in front of me You give me strength, you give me hope And when you hold me in your arms You make me whole
And I don't know just what I would do Without one kiss from you

I don't wanna hear my time will come When it feels like it's already here We should learn to walk before we run But why go anywhere when you're so near 'Cause when I reach out to you

Acordes

So sad and confused And feeling like I could cry You dry my eyes

Just one kiss from you, and suddenly I see the road laid out in front of me You give me strength, you give me hope And when you hold me in your arms You make me whole And I don't know just what I would do Without one kiss from you

I'm dreaming of one kiss from you A love long and true We'll go on and on and I'm looking for one kiss goodnight To last all my life On and on and

Just one kiss from you, and suddenly I see the road laid out in front of me You give me strength, you give me hope And when you hold me in your arms You make me whole
And I don't know just what I would do Without one kiss from you

I'm looking for one kiss goodnight To last all my life
