

Britney Spears - Trouble For Me

Tom: F

Dm
Black jack, whiskey straight
Every day changes your life
You got the look that you know
You're real bad, yeah baby, you're right
Dm
Everybody loves you
Baby, you're the king of the night
And I'm the only one making sure to stay
Bb
Out of your sight
Oh-oh...
You know I can make your night
You wanna get it?
You got something that I like
But I might regret it

Dm **Bb**
Me and you burn disaster
F **C**
And you're only a danger to me
Dm **Bb**
But the party ain't the same without you
G **C**
That's why you're so good for everybody else
Dm
But you're trouble for me
Bb
Oh oh oh oh
Yeah, you're trouble fo me **F** **C**
(Trouble for me)

Dm
Sweet talk, here we go
Tell me something incredible
G
You drive me crazy every time

Bb
That I smell your single resting colone
You know I can make your night
You wanna get it? (uh-huh)
You got something that I like
But I might regret it (aw)
Dm **Bb**
Me and you burn disaster
F **C**
And you're only a danger to me
Dm **Bb**
But the party ain't the same without you
G **C**
That's why you're so good for everybody else
Dm
But you're trouble for me
Bb
Oh oh oh oh
Yeah, you're trouble fo me **F** **C**
(Trouble for me)

Dm
Kiss, kiss, tip your glass
F
I'll do whatever you ask for
G
But if you want my love
Bb **C**
You can only find it on the dancefloor
You know I can make your night
You wanna get it? (uh-huh)
You got something that I like
But I might regret it, gret it-gret it-gret it
Dm **Bb**
Me and you burn disaster
F **C**
And you're only a danger to me
Dm **Bb**
But the party ain't the same without you
G **C**
That's why you're so good for everybody else
