

Britney Spears - When I Found You

Tom: **Bb**

I believe
 We all have one true love
 Somewhere in this world
 I do (I do, I do)

When it seemed
 All my dreams
 Were falling through
 That's when I found you

I believe for every heart
 That whispers in the dark
 There's a ray of light somewhere
 Shining through
 It was sink
 Or swim
 When the tide came in
 I found myself

When I found you
 I found the closest thing to heaven
 Yes in you
 I found the deepest love I knew
 Oooh Ohh
 I'll believe
 Yes it's true
 I found myself
 When I found you

Ooh yeah

I believe (I believe)
 For every door (Every door)
 That's closing
 For every heartbreak

There's hope for something new
 From the ashes arise a glimpse of paradise
 It's that flickered in your eyes
 When I found you

I found the closest thing to heaven
 Yes in you
 I found the deepest love I knew
 Oooh Ohh
 I'll believe
 Yes it's true
 I found myself
 When I found you
 A life unfolds
 No one knows
 I thought love was just a tingling of the skin
 I felt so alone
 All Alone
 More than you could ever know
 You show deep love
 Sweet love

When I found you (I found love)
 Oooh (the closest thing to heaven)
 Oh yeah
 I found! (I finally found you, baby!)
 Yeah
 I found myself

When I found you
 I found the closest thing to heaven
 Yes in you
 I found the deepest love I knew
 Oooh Ohh
 I'll believe
 Yes it's true
 I found myself
 When I found you, you
