

# Britney Spears - When I Found You

Tom: **Bb**

I believe  
 We all have one true love  
 Somewhere in this world  
 I do (I do, I do)

When it seemed  
 All my dreams  
 Were falling through  
 That's when I found you

I believe for every heart  
 That whispers in the dark  
 There's a ray of light somewhere  
 Shining through  
 It was sink  
 Or swim  
 When the tide came in  
 I found myself

When I found you  
 I found the closest thing to heaven  
 Yes in you  
 I found the deepest love I knew  
 Ooooh Ohh  
 I'll believe  
 Yes it's true  
 I found myself  
 When I found you

Ooh yeah

I believe (I believe)  
 For every door (Every door)  
 That's closing  
 For every heartbreak

There's hope for something new  
 From the ashes arise a glimpse of paradise  
 It's that flickered in your eyes  
 When I found you

I found the closest thing to heaven  
 Yes in you  
 I found the deepest love I knew  
 Ooooh Ohh  
 I'll believe  
 Yes it's true  
 I found myself  
 When I found you  
 A life unfolds  
 No one knows  
 I thought love was just a tingling of the skin  
 I felt so alone  
 All Alone  
 More than you could ever know  
 You show deep love  
 Sweet love

When I found you (I found love)  
 Oooh (the closest thing to heaven)  
 Oh yeah  
 I found! (I finally found you, baby!)  
 Yeah  
 I found myself

When I found you  
 I found the closest thing to heaven  
 Yes in you  
 I found the deepest love I knew  
 Ooooh Ohh  
 I'll believe  
 Yes it's true  
 I found myself  
 When I found you, you
