

## **Britney Spears - When I Found You**

Tom: Bb

I believe We all have one true love Somewhere in this world I do (I do, I do)

When it seemed All my dreams Were falling through That's when I found you

I believe for every heart
That whispers in the dark
There's a ray of light somewhere
Shining through
It was sink
Or swim
When the tide came in
I found myself

When I found you
I found the closest thing to heaven
Yes in you
I found the deepest love I knew
Ooooh Ohh
I'll believe
Yes it's true
I found myself
When I found you

Ooh yeah

I believe (I believe) For every door (Every door) That's closing For every heartbreak

## **Acordes**

There's hope for something new From the ashes arise a glimpse of paradise It's that flickered in your eyes When I found you

When I found you (I found love)
Oooh (the closest thing to heaven)
Oh yeah
I found! (I finally found you, baby!)
Yeah
I found myself

When I found you
I found the closest thing to heaven
Yes in you
I found the deepest love I knew
Ooooh Ohh
I'll believe
Yes it's true
I found myself
When I found you, you
