

Brockhampton - SUGAR

tom:
 D (forma dos acordes no tom de Db)
 Capotraste na 1ª casa

[Refrão]

Spendin' all my nights alone, waiting for you to call me
 You're the only one I want by my side when I fall asleep
 Tell me what I'm waiting for, tell me what I'm waiting for
 I know it's hard but we need each other
 Know it's hard but we need each other

[Verso 1]

I move mountains on my own, don't need nobody help
 Change your mind when I change my life, better start believing
 in myself

And we all out lookin' for, lookin' for God so we never see it
 in ourself

Should divine intervention move itself?

It's hard to tell what the prayer compel

You can find me dancing in between the raindrops

Tryna find a way to make the pain stop

Overtime, on the graveyard

Got a nigga feeling brainwashed

My instability's trademark

Copy-written in all my decisions

This is not supposed to be a way of living

Tear my temple down into a prison

[Refrão]

Spendin' all my nights alone, waiting for you to call me
 You're the only one I want by my side when I fall asleep
 Tell me what I'm waiting for, tell me what I'm waiting for
 I know it's hard but we need each other
 Know it's hard but we need each other

[Verso 2]

Yeah, back on Vincent with the braces on
 Used to slide out the back without the neighbors knowin'
 Pose for the picture with the pearly whites
 Dead lens zoomin' in, catching all my stripes
 Used to trade a joint for some molly

And she gave me all I need for the night, 40 suffice

Morally alright but I need some advice

And I know that I'm acting foolish

Em
 Could you pick me up around noon-ish?

G
 Half a blunt, yeah, we coolin'

C
 Twist it up, putting on OutKast

Bm
 I'm the taxi, and yeah, we cruisin'
