

# Brooke Fraser - Flags

tom:

**D**  
Come, tell me your trouble

**D** **A**  
I'm not your answer

**G**  
But I'm a listening ear

**D** **A**  
Reality has left you reeling

**G**  
All facts and no feeling

**D**  
No faith and all fear

**Em**  
I don't know why a good man will fall

**Bm**  
While a wicked one stands

**Em**  
And our lives blow about

**A**  
Like flags on the land

**D** **A**  
Who's at fault is not important

**G**  
Good intentions lie dormant

**D**  
And we're all to blame

**D** **A**  
While apathy acts like an ally

**G** **D**  
My enemy and I are one and the same

**Em**  
I don't know why the innocents fall

**Bm**  
While the monsters still stand

**Em**  
And our lives blow about

**A**  
Like flags on the land

**Em**  
I don't know why our words are so proud

**Bm**  
Yet their promise so thin

**Em**  
And our lives blow about

**A**  
Like flags in the wind

Instrumental: **Em Bm Em Bm Em Bm Em A**

**G** **D**  
You who mourn will be comforted

**A** **Em**  
You who hunger will hunger no more

**G** **D**  
All the last shall be first

**A**  
Of this I am sure

**G** **D**  
You who weep now will laugh again

**A** **Em**  
All you lonely be lonely no more

**G** **D**  
Yes, the last will be first

**A**  
Of this I'm sure

**Em**  
I don't know why the innocents fall

**Bm**  
While the monsters stand

**Em**  
I don't know why the little ones thirst

**G** **A** **Em**  
But I know the last shall be first

**G** **A** **Em**  
I know the last shall be first

**G** **A** **Bm**  
I know the last shall be first
