

Brothers of Brazil - Daddy On a Spaceship

tom:
G

My bags are packed, daddy must leave

And one more time we'll be apart

My heart with you I leave behind

And by the gate we'll say goodbye
Trying never to cry

Give me your smile I'll carry on

Make me a drawing to hold on

Hug me and that will be my guide

Such longing for you hurts inside

But I have to fly

I'll go flying on a spaceship

Don't know how long will take it

My love

Just don't forget about me

I'll go flying on a spaceship
