Tom: A

(forma dos acordes no tom de Eb )  
Capostrate na 6ª casa

So he went out again street light made the scene  
When it took it stall along the way  
He was blue he was red... He was happy he was sad  
Wasn't that what made it hard to stay

Em  
I believe my ritual, I don't breath my air  
Am C  
But I'm not allowed to shout, I am not allowed to share

Em  
I'm the substance, I'm alive that's the reason why I'm right  
Am Em  
So it didn't stop to walk that night

C Bm Am Em  
It will slowly run

Em  
In the park, on the bench, with the stars hand in hand  
Am Em  
When they took still I don't know the way

Em  
It was cold it was warm far to old but still to young  
Am Em  
Was it that what killed his way to stay

Em  
I don't need my ritual, I need my air  
Am C  
Now I'm not allowed to feel, if I call feeling real

Em  
I'm the substance, I'm alive that's the reason why I'm right  
Am Em
