

Bruno Dierichs - I Will Find Away

Tom: E

I found away.
 I think you know what you said
 We don't have time to lose
 Your eyes cry for help
 Your heart feel the pain
 We believe in his love

You are mighty and held
 Hold on, love's the way

Even the world
 Coming and throw in your face
 And the evil
 Sayng you don't have chance
 Everything is over
 Believe in God
 He will take your hand
 His love is stronger
 Like storm and rain
 Lift up your heart forever
 I will find away

I will find away
 The time to cry was gone
 God came here his Rose to hug
 The time to win is come
 Never give up your dreams
 Never will back the shame
 The heavens sing to you my friend

You are mighty and held
 Hold on, love's the way

Even the world
 Coming and throw in your face
 And the evil
 Sayng you don't have chance
 Everything is over
 Believe in God
 He will take your hand
 His love is stronger
 Like storm and rain
 Lift up your heart forever
 I will find away
