Is not a question of love
A E Gb
Cause our love has never changed
D A B
But all the little thinks keep piling up
D A B
And life keeps getting in the way

Don't make it harder than it is
B
We both knew it come to this
Db
Better now than in a year
Gb E
More nights of tears and we'd both hate each other

D
The fuse is already lit
B
So how about a final kiss
Db
Just let it go...
Gb E D B
And stop the madness before it explodes

Before it's out of our control
Gb E D B
Lets stop the madness before it explodes
Db
We gotta let it go
Gb E A
Before it all explodes

A E Gb
Somethings we won't understand
A E Gb
And we're so tired of being misunderstood
D A B
So lets just turn around and walk away
D A B
And hold on to what was good

D

Don't make it harder than it is
B
We both knew it come to this
Db
Better now than in a year
Gb E
More nights of tears and we'd both hate each other

D
The fuse is already lit
B
So how about a final kiss
Db
Just let it go...
Gb E D B
And stop the madness before it explodes

Before it's out of our control
Gb E D B
Lets stop the madness before it explodes
Db
We gotta let it go
Gb E
Before it all explodes

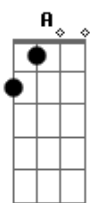

D
There ain't nothing that can save us
E
We're just too close to the edge
Gb
And what's the use of going on
A
If we're lying to each other
D
Every word that is said

Its too late for us now
B
Cause we can never count down
Db
Its getting close, its gonna blow

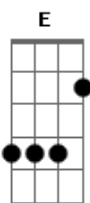

Gb E D B
Just stop the madness before it explodes
Db
Before it's out of our control
Gb E D B
Lets stop the madness before it explodes

Db
We gotta let it go
Gb E
Before it all explodes
