

Bruno Santos - Banda PER - Dream

Tom: G

Intro 2x: D

Primeira Parte (Abafado):

You have a dream
 I know everybody at least has a wish
 And wherever you go its always following you
 Could you stop running away and turn back?
 Doesn't matter the effort that it will cost

Refrão:

Why dont we stop thinking
 And move your fucking legs
 At once you try
 Life will ever ends
 Why dont we stop thinking
 And move your fucking legs
 By the way if you try

Life will ever ends

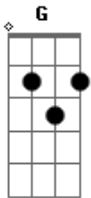

Segunda Parte (Abafado):

Cause you have a dream
 It's hard to believe someday you can achieve
 And whatever you think it just can come from you
 Have you already thought the best way to start?
 I know in times it looks like almost impossible

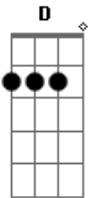

Refrão:

Why dont we stop thinking
 And move your fucking legs
 At once you try
 Life will ever ends
 Why dont we stop thinking
 And move your fucking legs
 By the way if you try
 Life will ever ends
