

Bryan Adams - Depend On Me

PLEASE READ THIS BEFORE BEGINNING TO PLAY

This May Be a bit complicated, and i putted as lot details in as i could.
 In This Tab i have started with chords and putted bass fills and all that stuff below,
 so if you have a buddy to play guitar let him play the chords. The Bass and guitar almost follow eachother thru the hole song.
 I Will personally Reccomend that you make youre Bass tone clean and dark that will sound great.
 Remember it takes to learn, so take good time when youre learning this chord
 And Remember READ ALL NOTES AT CHORDS AND TABS so make sure that you are doing it right.

Enjoy, and have fun!!!
