Intro: Em  C
         Em  C  G

Em            C
My head is a circus
It's all just too much
Em            C
I guess my best was not good enough
Em                 C
And something is certain
I miss you around
Em            C              Am
And all that I want is to be with you

[Refrão]

C            Em       Bm         C
You kept me breathing under the water
      Em         G         C
When everyone else left me to drown
               Em        Bm              C
You were the light that shone through the darkness
       G                     Em      C
Now I'm blind 'cause you're not around

( Em   C   Am )

Em                   C
I know I'm not perfect
I let you down
Em                C         Bm
I guess that I'm paying the price for it now
