

# Bullet For My Valentine - Tears Don't Fall

Intro: F tom:

LET'S G000000000

(Intro Pt2)

Refrão:

Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home  
 Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home  
 This battered room I've seen before  
 The broken bones they heal no more, no more  
 With my last breath I'm choking,  
 Will this ever end? I'm hoping,  
 My world is over one more time.

With blood shot eyes I watch you sleeping  
 The warmth I feel beside me is slowly fading  
 Would she hear me if I called her name?  
 Would she hold me if she knew my shame?

Pré-Refrão:

There's always something different going wrong  
 The path I walk's in the wrong direction  
 There's always someone fucking hanging on  
 Can anybody help me make things better?

(Intro)

Would she hear me if I called her name?  
 Would she hold me if she knew my shame?

Prechorus:

There's always something different going wrong  
 The path I walk's in the wrong direction  
 There's always someone fucking hanging on  
 Can anybody help me make things better?

Refrão:

Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home  
 Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home

Refrão:

Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home  
 Your tears don't fall  
 They crash around me  
 Her conscience calls the guilty to come home

The moments died, I hear no screaming  
 The visions left inside me are slowly fading  
 Would she hear me if I called her name?  
 Would she hold me if she knew my shame?

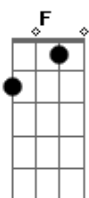

Pré-Refrão:

There's always something different going wrong  
 The path I walk's in the wrong direction  
 There's always someone fucking hanging on  
 Can anybody help me make things better?

Your tears don't fall

They crash around me  
 Her conscience calls the guilty to come home
