

# Burning Tangerine - Black Bird

tom:  
Gb (forma dos acordes no tom de G)

Afinação: Eb Ab Db Gb Bb Eb

I'm going to start from the first time  
I looked at you on that fucking cold and sad Thursday  
And in the first five minutes

That I was sitting next to you  
I just imagined how good it would be

If you were just mine  
So please

Stay with me black bird

I'm going to show

What I wanna do with you  
Feel your body and kiss your mouth  
'Cause you're all I need

( G E C Eb )  
( G E C Eb )

Smoking cigarettes in the moonlight

Nothing could be more weird and lovely

Because anything I do is literally better

If Iiii'm with you

Stay with me black bird

I'm going to show

What I wanna do with you  
Feel your body and kiss your mouth  
'Cause you're all I need

Stay with me black bird

I'm going to show

What I wanna do with you

Feel your body and kiss your mouth

'Cause you're all I need

So what? You can go away tomorrow

And then I will say that I love you

A thousand times more

If you don't mind

And my mind is about to

Stay with me black bird

I'm going to show

What I wanna do with you  
Feel your body and kiss your mouth

'Cause you're all I need

So please stay with me black biiiird

Black biiiird

Black biiiird

'Cause you're all I need

'Cause you're all I need

All I need

You're all I need

And please don't goooo

It's never too laaaate

To start over

To start over

And please don't go black bird

I'm just telling you the truth

Maybe I just want to say

That I love you
