

# Busted - Good One

tom:  
 C  
 It's been the greatest time but it's time we've borrowed  
 F C  
 We've got our separate ways to go, wish I could follow  
 F Am  
 So make it a good one and I'll see you again  
 G C  
 Make it a good one and I'll see you, my friend  
 C  
 It's such a bitter taste, so hard to swallow  
 F C  
 I'm gonna miss that face when I'm home tomorrow  
 F Am  
 So make it a good one and I'll see you God knows when  
 G C  
 Make it a good one and I'll see you, my friend  
 Am  
 And as we drift apart back to the start  
 F  
 And as we drift apart into the dark  
 C  
 I'm gonna keep you here safe in my heart  
 G  
 I'll always keep you here safe  
 F Am  
 So make it a good one and I'll see you again  
 G C  
 Make it a good one and I'll see you, my friend

Oooh oooh oooh oooh  
 F Am  
 So make it a good one and I'll see you again  
 G C  
 Make it a good one and I'll see you, my friend  
 C  
 I love the way we crash into each other  
 F C  
 But we all turn to dust one day, my brother  
 F Am  
 So make it a good one and I'll see you again  
 G C  
 Make it a good one and I'll see you, my friend  
 Am  
 And as we drift apart back to the start  
 F  
 And as we drift apart into the dark  
 C  
 I'm gonna keep you here safe in my heart  
 G  
 I'll always keep you here safe  
 F Am  
 So make it a good one and I'll see you again  
 G C  
 Make it a good one and I'll see you, my friend  
 C F C  
 Oooh oooh oooh oooh  
 F Am  
 So make it a good one and I'll see you God knows when

 Make it a good one and I'll see you, my friend
