

# Caetano Veloso - Clarice

Tom: D

Há muita gente apagada pelo tempo

Nos papéis desta lembrança que tão pouca me ficou  
Igrejas brancas luas claras nas varandas  
Jardins de sons e cirandas foguetes claros no ar

Que mistério tem Clarice 2x  
Pra guardar-se assim tão firme no coração

Clarice era mo rena

Como as manhãs são morenas

Era pequena no jeito de não ser quase ninguém

Andou conosco caminhos de frutas e passarinhos

Mas jamais quis se despir

Entre os meninos e os peixes 3x

Do rio do rio

Que mistério tem Clarice 2x  
Pra guardar-se assim tão firme no coração

Tinha receio do frio medo de assombração

Um corpo que não mostrava feito de adivinhação

Os botões sempre fechados Clarice tinha o recato de convento e procissão

Eu pergunto o mistério

Que mistério tem Clarice

Pra guardar-se assim tão firme no coração

(Bm7 E7 )

Soldado fez continência

O coronel reverência

O padre fez penitência

Tres novenas e uma trezena  
Mas Clarice era inocência

Nunca mostrou-se a ninguém

Fez-se modelo das lendas

Fez-se modelo das lendas

Das lendas que nos contaram as avós

Que mistério tem Clarice 2x

Pra guardar-se assim tão firme no coração

Tem que um dia amanhecia

E Clarice assistiu minha partida

Chorando pediu lembrança

E vendo o barco se afastar de Amaralina

Desesperadamente linda

Soluçando e lentameeeeente

E lentamente despiu o corpo moreno

E entre todos os presentes até que seu amor sumisse

Permaneceu no adeus chorando e nua

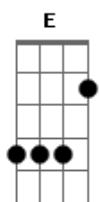

Para que a tivesse toda

Todo o tempo que existiiiiiiiisse

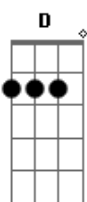

Que mistério tem Clarice 2x

Pra guardar-se assim tão firme no coração
