 Ó abelha rainha faz de mim um instrumento do teu prazer
 Em7 A7 A7 Dm7 G7
 Sim, e de tua glória

Pois se é noite de completa escuridão

Provo do favo de teu mel

Cavo a direita claridade do céu

E agarro o sol com a mão

É meio-dia, é meia-noite, e toda hora

Lambe olhos, torce cabelos, feiteira vamo-nos embora

É meio-dia, é meia-noite, faz zumzum na testa

Na janela, na fresta da telha

Pela escada, pela porta, pela estrada toda a fora

Anima de vida o seio da floresta

O amor empresta

a praia deserta zumbe na orelha, concha do mar

Ó abelha, boca de mel, carmin, caruda, vermelha

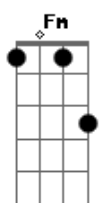

Ó abelha rainha faz de mim um instrumento do teu prazer

Sim, e de tua glória,

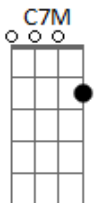

E de tua glória,

E de tua glória, de tua glória
