

Caetano Veloso - Nature Boy

Tom: F

(intro) Em A7 A7

There was a boy
 A very strange enchanted boy
 They said he wandered very far, very far
 Over lands and seas

A litte shy and sad of eyes

But very wise was he

And then one day
 A magic day he passed my way
 And while we spoke of many things
 Fools and kings
 This he said to me
 "The greatest things you'll ever learn
 Is just to love and be loved in return "
