

# Cafuné - Tek It

tom:

C

Where did you learn what it means to reciprocate?  
 And how much can I be expected to tolerate?

So I started to think about the plans I made

The debt unpaid

And you just can't call a spade a spade

I watch the moon

Let it run my mood

Can't stop thinking of you  
 I watch you (now I let it go)

We started off in such a nice place

We were talking the same language

I o-open and I'm closing

You can't stand the thought  
 Of a real beating heart

You'd be holding, having trouble

O-o-owning and admit that

I am hoping

I watch the moon

Let it run my mood

Can't stop thinking of you  
 I watch you (now I let it go)

Yeah I always know the truth

But I can't just say it to you

Yeah I know the truth

Yeah I always know the truth

But I can't just say it to you

Yeah I know the truth

I never thought we'd see it through

I never could rely on you

And few times your face came

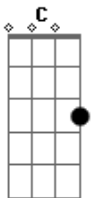

Into view

Into view

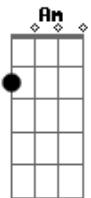

I'm not into you

Into you
