Hole in my heart I couldn't change
B E
I didn't know what was supposed to
B E
Stuck in the fire, turn in the grave
B E
Watching the shadows stretch and taking my face

B E
I didn't know what was supposed to
B E
I didn't know what was supposed to
B E B
Now I want to
B E B
Yeah, I want to now

B E
I don't care to explain
B E
Why you running away, why you running away
B E
To be fair, I should say
B E
Why you running away, why you running away

B E
Hope these burning ears won't last
B E B E
Sometimes I'm stuck in lies, all those stinky, twisted times
B E
But I've got time, time is gonna pass
B E
I hope these burning ears won't last

B E
I don't care to explain
B E
Why you running away, why you running away
B E
To be fair, I should say
B E
Why you running away, why you running away
B E
Ghosts were killing all the way
B E
Why you running away, why you running away
B E
I don't care to explain
B E
Why you running away, why you running away

Why you running away, keep on running away
