Intro: Em B

Verse:  
Em B  
Oh my precious ember burning my sweet glowing light  
C B  
From the moment I first saw you I was yours and you were mine

And the echo of my mother's words baby don't you play with fire

Prechorus:  
Em D  
I was always playing that part  
Em D  
first love always at that spot  
Em D B  
There was no way changing my mind

Chorus:  
Hold B Em C  
Now I'm under your spell, trapped in a lie  
D B  
Shouldn't have stood that close to the fire

No turning back, no where to run  
D B  
No where to hide, it's too late to say goodbye  
Em C D B  
Push back from my heart, wish we go back to the start

it's too late, it's too late to say goodbye
