

Cake - When You Sleep

Tom: G

G C D (C half-beat)

When you sleep where do your fingers go? What do your fingers know What do your fingers show Where do your fingers go

When you sleep
Do they tremble on the edge of the bed
Or do you fold them neatly by your head
Do they clench like claws against your own skin
When youre living your day al over again

When you sleep When you sleep where do your fingers go? What do your fingers know What do your fingers show Where do your fingers go

Do they play guitar in a latin bar Are they strangers or lovers Do they drive your car Are they swimming submissively

Acordes

Sex acts of life Or just cutting through jello with a very sharp knife

C G

Now zeus was a womanizer

CDG

Always on the make

CDCD

But hera unusually punished her that zeus was one to take

When you sleep where do your fingers go? Are they pulling out weeds from the dusty soil But then never rewarded with the fruits of their toil Are they scratching their nails on the chalkboards of death Only seeking attention when everyone in the room has left

When you sleep When you sleep where do your fingers go? What do your fingers know What do your fingers show Where do your fingers go

When you sleep Do they tremble on the edge of the bed or do you fold them neatly by your head
