

# Calper - Run To The Moon

tom:

Intro: F Am G Am

In the tide  
Of the wave  
In the sunshine or the rain  
I can't help it

I'll always  
Run with you

Yeah we can go... from London to Rio  
Travelling the world care free like we're a regal

Soaring over seas real high like an eagle  
And from the darkness we will hide

Forever  
If they cause, a riot  
I'll be right by your side  
Together we can pause time

[Refrão]

When the sun goes down  
We'll run to the moon  
We'll run to the moon  
And when the sirens sound  
You're who I choose  
Just me and you  
We'll run to the moon

One day  
We will ride  
With our children by our side  
Fools may chase us  
But they'll see  
We are free

We can go... all day night  
We can have it all girl if we try  
Running through the woods we'll find the light  
From the darkness we will hide forever  
If they cause a riot  
I'll be right by your side  
Together we can pause time

[Refrão]

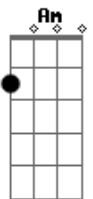

When the sun goes down  
We'll run to the moon  
We'll run to the moon  
And when the sirens sound  
You're who I choose  
Just me and you  
We'll run to the moon

From rain to shine  
From dark to light  
I will run with you (yer)  
From rain to shine  
From dark to light  
I will run, I will run with you

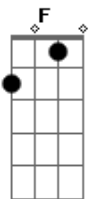

[Refrão]

When the sun goes down  
We'll run to the moon  
We'll run to the moon  
And when the sirens sound  
You're who I choose  
Just me and you  
We'll run to the moon
