Only you, you you

[Primeira Parte]

I remember in the school yard **Dbm**  
The children didn't understand **Dbm**  
So they bullied me with silence **Dbm**

Just for being who I am **Dbm**

So I got good at keeping secrets **Dbm**  
I used to blend in with the crowd **Dbm**  
On the inside I was screaming **Dbm**  
With you I did not have to hide

[Refrão]

Only you, could see that I was hurting **A B E**  
Only you, ever cared to understand **A B E**  
Always know, that I'd do the same **Dbm**  
I'd do anything for you, my friend **A B E**  
It's true **A B E**

[Segunda Parte]

I used to stare up at the ceiling **Dbm A E Dbm**  
Wide awake all through the night **Dbm**  
Why the world was busy sleeping **Dbm**  
I was so caught up in my mind **A E**

[Refrão]

Only you, could see that I was hurting **A B E**

Only you, ever cared to understand **A B E**  
Always know, that I'd do the same **A B**  
I'd do anything for you, my friend **Dbm**  
It's true **A B E**  
So true **A B E**

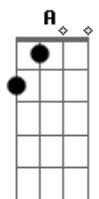

[Terceira Parte]

When I'm all alone **Gbm**  
A million miles away from home **A**  
Would you stand with me? **Dbm**  
You'll always be **B**  
My rock and shoulder to lean on **Gbm**  
Every hope I have is gone **A**  
I'll turn to you **Dbm**  
You know it's true **B**

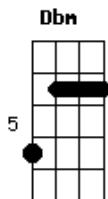

[Refrão Final]

Only you, could see that I was hurting **A B E**  
Only you, ever cared to understand **A B E**  
Always know, that I'd do the same **A B**  
I'd do anything for you, my friend **Dbm**  
It's true **A B E**  
So true **A B E**  
And I know **A**  
'Til the bitter end **B**  
**Dbm**  
I'd be proud to call you, my best friend **Dbm**  
It's true **A B E**  
**Dbm A E**  
You, you you  
Only you, you you  
**Dbm A E**  
You, you you  
Only you, you you
