

# Calvin Harris - Faking It

Tom: C

**Am**  
Pray to God, but I'm feeling like he's going deaf  
**C**  
Now when I lean on you and I got nothing left  
**Dm**  
Hey, I've been wanting to call ya, tell you that I'm sorry  
**Em**  
Same old fucking story everybody sing

**Am**  
And I say I'm okay, but I guess I'm a liar  
**C**  
You say you're okay, but I saw that you liked it  
**Dm**  
2 AM and faded, I know that's when you like it  
**Em**  
Know that's when you miss me, know that's when you crying

**Am**  
Why you, why you, why you checking if you're over it?  
**C**  
Why you, why you say "Let go" if you're still holding it?  
**Dm**  
Just a little bit better at faking it than me, baby  
**Em**  
Just a little bit better at faking it than me, baby  
**Am**  
Why you, why you, why you checking if you're over it?  
**C**  
Why you, why you say "Let go" if you're still holding it?  
**Dm**  
Just a little bit better at faking it than me, baby  
**Em**  
Just a little bit better at faking it than me, baby

**Am**  
Nowadays, I'm just a bitch to everybody else  
(Fuck you and you)  
**C**  
I don't need no shoulders, I'm good crying by myself  
(Fuck you, too)  
**Dm**  
Moving on's a chore, 'cause you know I still adore ya  
**Em**  
An unrequited love is just a lover's hell

**Am**  
And I say I'm okay, but I guess I'm a liar  
**C**  
You say you're okay, but I saw that you liked it  
**Dm**  
2 AM and faded, I know that's when you like it  
**Em**  
Know that's when you miss me, know that's when you crying

**Am**  
Why you, why you, why you checking if you're over it?  
**C**

Why you, why you say "Let go" if you're still holding it?  
**Dm**  
Just a little bit better at faking it than me, baby  
**Em**  
Just a little bit better at faking it than me, baby  
**Am**  
Why you, why you, why you checking if you're over it?  
**C**  
Why you, why you say "Let go" if you're still holding it?  
**Dm**  
Just a little bit better at faking it than me, baby  
**Em**  
Just a little bit better at faking it than me, baby

(Lil Boat, Lil Boat, Lil Boat, Lil Boat, Lil Boat)  
**Am**  
I'm not gonna act like I don't love ya baby  
'Cause deep in my mind, girl, I know I do (true)  
**C**  
Tried to search all through the world not well  
But I can't find a girl that lives close like you (no!)  
**Dm**  
I done made millions of dollars  
But I'm still alone until I come home back to you (yah!)  
**Em**  
I remember all of the times we were parked by your house  
And laughed out on your avenue  
**Am**  
Whoa, you can't front  
You're a stone cold diva (yaah!)

**C**  
I had to get counseling from my moms  
She's a heartbreak teacher (oh, yah!)  
**Dm**  
Remember that time I put those pepperonis on your face  
Made you a creature  
**Em**  
Now I think about you every single time I eat pizza, ohh

**Am**  
Why you, why you, why you checking if you're over it?  
**C**  
Why you, why you say "Let go" if you're still holding it?  
**Dm**  
Just a little bit better at faking it than me, baby  
**Em**  
Just a little bit better at faking it than me, baby  
**Am**
