

# Cambriana - Face To Face

tom:

Intro: Ab G

Wendy, you're stuck in my game, i know  
 Wouldn't be here without pain, for sure  
 50 years on, no one will know  
 The delicate, humdrum ways of this love

If you can keep up someday  
 Finally face to face

If you can keep up someday  
 There's still an ocean between us, love  
 Everything hurts when it's not enough  
 If you rely on the coldest nights

Look in my head for what's not in sight ohh

Wendy, you're hurt that i came back home  
 Wouldn't be here without pain, i know
