

# Camera Obscura - Dory Previn

tom:

Intro: A

Fed up of girls in pretty dresses  
 With boys who want to teach them a lesson  
 Sick of the sight of my old lover  
 Went under sheets and covers to get away from him  
 I can't see what he once meant to me  
 I think it's time I put him out of my mind

So I took a glimpse of Montana  
 Now nothing else matters  
 I'll heal eventually  
 How I adore you Dory Previn  
 Turned you up to eleven for the band's ears to bleed

I can't see what he once meant to me  
 Do you think it's time I put him out of my mind?  
 Do you think it's time I put him out of my mind?

[Solo] A Dbm D A  
 A Dbm D A

I can't see what he once meant to me  
 Do you think it's time I put him out of my mind?  
 I can't see what he once meant to me  
 So I think it's time I put him out of my mind?

Yeah I think it's time I put him out of my mind?  
 I think it's time I let my love for him die

[Final] Ab A
