

Camera Obscura - Dory Previn

tom:

Intro: A

Fed up of girls in pretty dresses
 With boys who want to teach them a lesson
 Sick of the sight of my old lover
 Went under sheets and covers to get away from him
 I can't see what he once meant to me
 I think it's time I put him out of my mind

So I took a glimpse of Montana
 Now nothing else matters
 I'll heal eventually
 How I adore you Dory Previn
 Turned you up to eleven for the band's ears to bleed

I can't see what he once meant to me
 Do you think it's time I put him out of my mind?
 Do you think it's time I put him out of my mind?

[Solo] A Dbm D A
 A Dbm D A

I can't see what he once meant to me
 Do you think it's time I put him out of my mind?
 I can't see what he once meant to me
 So I think it's time I put him out of my mind?

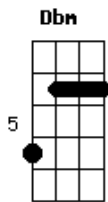

Yeah I think it's time I put him out of my mind?
 I think it's time I let my love for him die

[Final] Ab A
