

Camila Cabello - All These Years

Tom: E

(com acordes na forma de D)

Capostrate na 2ª casa

Your hair's grown a little longer
 Your arms look a little stronger
 Your eyes just as I remember (oh)
 Your smile's just a little softer

And I, yeah, I never prepared for a moment like that
 Yeah, suddenly, it all came back, it all came back

'Cause after all these years
 I still feel everything when you are near
 And it was just a quick "hello," and you had to go
 And you probably will never know
 You're still the one I'm after all these years
 (Oh yeah)

Couldn't help but overhear you
 Sounds like you're happy with her
 But does she kiss you like I kissed you?
 Ooh, I wish I loved you like I miss you

And I, yeah, I never prepared for a moment like that
 Yeah, suddenly, it all came back, it all came back

'Cause after all these years
 I still feel everything when you are near
 And it was just a quick "hello," and you had to go
 And you probably will never know
 You're still the one I'm after all these years
 (Oh)

'Cause after all these years
 I still feel everything when you are near
 And it was just a quick "hello," and you had to go
 And you probably will never know
 You're still the one I'm after all these years

(Ah-ah-ah ah-ah-ah ah-ah yeah yeah)
 I never told you
 (Ah-ah-ah ah-ah-ah ah-ah yeah yeah)
 I should've told you

(Ah-ah-ah ah-ah-ah ah-ah yeah yeah)
 I never told you after all these years
 (I never told you)
 (Ah-ah-ah ah-ah-ah ah-ah)
 (I never told you)
 (I never told you)
 I never told you after all these years
