

Camila Cabello - Easy

Tom: E

m
Intro: G Am Em7

[Primeira Parte]

You tell me that I'm complicated
And that might be an understatement
Anything else?

You tell me that I'm indecisive
Fickle, but I try to hide it
Anything else?

You tell me that I overthink
'Til I ruin a good thing
Anything else?

You tell me that you'd rather fight
Than spend a single peaceful night
With somebody else

[Pré-Refrão]

You really, really know me
The future and the old me
All of the mazes and the madness in my mind
You really, really love me
You know me and you love me
And it's the kind of thing I always hoped I'd find

[Refrão]

Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Touch me 'til I find myself, in a feeling
Tell me with your hands that you're never leaving
Always thought I was hard to love
'Til you made it seem so easy, seem so easy

[Segunda Parte]

I never liked my crooked teeth

You tell me they're you're favorite thing
Anything else?

The stretch marks all around my thighs
Kiss 'em 'til I change my mind

About everything else
[Pré-Refrão]

You really, really know me
The future and the old me
All of the mazes and the madness in my mind

You really, really love me
You know me and you love me
And it's the kind of thing I always hoped I'd find

[Refrão]

Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Touch me 'til I find myself, in a feeling
Tell me with your hands that you're never leaving
Always thought I was hard to love
'Til you made it seem so easy, seem so easy

[Ponte]

All I know is you, heal me when I'm broken

Heal me when I'm broken, oh
All I know is you, saved me and you know it

Saved me and you know it

[Refrão]

Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Always thought I was hard to love
'Til you made it seem so easy, seem so easy
Touch me 'til I find myself, in a feeling
Tell me with your hands that you're never leaving
Always thought I was hard to love
'Til you made it seem so easy, seem so easy
