(Riff)

Why did you leave me here to burn?  
I'm way too young to be this hurt

I feel doomed in hotel rooms

Staring straight up at the wall

Counting wounds and I am tryin' to numb them all

Do you care, do you care?

Why don't you care?

I gave you all of me

My blood, my sweat, my heart, and my tears

Why don't you care, why don't you care?

I was there, I was there when no one was

Now you're gone and I'm here

I have questions for you

Number one, tell me who you think you are?

You've got some nerve tryin' to tear my faith apart

(I have questions for you)

Number two, why would you try and play me for a fool?

I should've never, ever, ever trusted you

(I have questions)

Number three, why weren't you, who you swore that you would be?

I have questions, I've got questions haunting me

I have questions for you

I have questions for you (I have questions)

I have questions for you

My, my name was safest in your mouth

And why'd you have to go and spit it out?

Oh, your voice, it was the most familiar sound

But it sounds so dangerous to me now

I have questions for you

Number one, tell me who you think you are?

You've got some nerve tryin' to tear my faith apart

(I have questions for you)

Number two, why would you try and play me for a fool?

I should've never, ever, ever trusted you

I have questions for you

I have questions for you

I have questions for you (I have questions)

I have questions for you

Do you care, do you care?

Why don't you care?

I gave you all of me

My blood, my sweat, my heart, and my tears

Why don't you care, why don't you care?

I was there, I was there when no one was

Now you're gone and I'm here

I have questions for you, ohh

I have questions for you

I have questions for you (I have questions)

I have questions for you (yeah, yeah, yeah yeah)

I have questions for you, ohh

I have questions for you (fair play, no, fair play, no)

I have questions for you (I have questions)

I have questions for you

I have questions for you

(Riff)

How do I fix it?

Can we talk?

Can we communicate?

Can we talk?

I have questions for you (I'm afraid of you)

Is it my fault? Is it my fault?

Do you miss me?

I have questions
