

Camila Cabello - Into It

Tom: B

(com acordes na forma de G)

Capostrate na 4ª casa

Ooh, I'm not a psychic

But I see myself all over you (ooh)

Ooh, I'm sick on you, sick on you

But you're the medicine, too (ooh)

The gravity can't hold us, your hands are outer space

I can't make sense of nothing and words just get in the way

This couch is getting smaller, but it's my favorite place

Don't even ask the question, you know what I'm gonna say

I'm into it

Whatever trouble that you're thinking, I could get into it

I see a king-sized bed in the corner, we should get into it

All of the things, I wanna do to you is infinite

I mean, if you're into it, I'm into it

Ooh, I'm holding my, holding my breath

Until I'm turning blue (yeah, yeah)

Ooh, don't save me, don't save me, don't save me

I'll fall into you, fall into you

This couch is getting smaller, but it's my favorite place

Don't even ask the question, you know what I'm gonna say

I'm into it

Whatever trouble that you're thinking, I could get into it

I see a king-sized bed in the corner, we should get into it

I see a king-sized bed in the corner, we should get into it

All of the things, I wanna do to you is infinite

I mean, if you're into it, I'm into it

I'm into it, I'm into it

Whatever trouble that you're thinking

I could get into it (I'm into it)

I see a king-sized bed in the corner

We should get into it (I'm into it)

Enough of the conversation, baby, let's get into it (I'm into it)

I mean, if you're into it, I'm into it

The gravity can't hold us, your hands are outer space

I can't make sense of nothing, oh

This couch is getting smaller, but it's my favorite place

Don't even ask the question

You know what I'm gonna say (say baby)

I'm into it

Whatever trouble that you're thinking, I could get into it

(thinking, I...)

I see a king-sized bed in the corner, we should get into it

(into it, yeah)

All of the things I wanna do to you is infinite (everything is infinite)

I mean, if you're into it, I'm into it (if you're into it)

I'm into it, I'm into it

I'm into it, oh na na, I'm into it

I'm into it, oh na na, I'm into it

I'm into it, oh na na, I'm into it

I'm into it, oh na na, I'm into it

If you're into it, I'm into it
