

# Camila Cabello - June Gloom

tom:

A (forma dos acordes no tom de G )

Capostrate na 2ª casa

June gloom, tule fog  
 I might as well say: Meet me in Montauk  
 Cold beach, you walk  
 I feel my body scream when you talk  
 She's cool, I heard  
 Won't act surprised, I saw the pictures, we're a  
 House fire, for sure  
 Hope it'll burn out, but it just gets bigger  
 If she's so amazing, why are you on this side of town?  
 If you like her so much, what are  
 You here tryna find out? (Ooh-ooh)  
 Does she get this wet for you, baby?  
 Talk to you in poems and songs, huh, baby?  
 Little kiss make your head go hazy?  
 Is it really love if it's not this crazy?  
 Does she move like this for you, darlin'?  
 Toyin' with me now, you know when I want it  
 I won't lie, you're the best, iconic  
 I know that I haven't, but I hope you top it  
 How come you're just so much better?  
 Is this gonna end ever?

I guess I'll fuck around and find out (I guess I'll fuck around)  
 I know I act like it's whatever, just makes me feel better  
 The truth is, honey, you're all I think about  
 If I'm so over you, why would I die to feel this alive? (Ooh)  
 Text you my favorite songs, turning you  
 On from the four-o-five (ooh, ooh)  
 Does she get this wet for you, baby?  
 Talk to you in poems and songs, huh, baby?  
 Little kiss make your head go hazy?  
 Is it really love if it's not this crazy?  
 Does she move like this for you, darlin'?  
 Toyin' with me now, you know when I want it  
 I won't lie, you're the best, iconic  
 I know that I haven't, but I hope you top it  
 Goddamn, fallin' to the kitchen floor  
 Goddamn, think we'd been here before  
 Goddamn, this could be a problem  
 This could be a problem, goddamn  
 Goddamn, I said: Remember last night?  
 You said: Can't forget if I tried  
 Goddamn, always been a problem  
 Always been a problem
