

Camila Cabello - Living Proof

Tom: C

Ah-ah-ah-ah-ah-ah, I promise
 Ooh
 Tell me something, but say it with your hands, slow
 When you touch me, paint me like a Van Gogh (oh)
 I wanna study every inch of you
 'Til you trust me to make the angels come through
 Like a choir singing "Hallelujah"
 When my body's crashin' right into you
 When we align, ooh yeah
 Do you feel me?
 Can you feel me?
 'Cause I can't breathe
 Where did you come from, baby? And were you sent to save me?
 Ooh, there's God in every move
 Ooh, and you're the living proof (oh)the way your hands can't
 shake me
 Soft to the touch like, baby
 Ooh, there's God in every move
 Ooh, and you're the living proof (oh)
 Countin' freckles, as they run down your spine
 Show your demons, and I might show you mine
 One at a time, yeah, yeah - what are you hidin'?
 What a design, yeah, yeah
 I wanna dive in, what a divine moment
 Can you feel me? (Oh)
 Can you feel me? (Oh)
 'Cause I can't breathe
 Where did you come from, baby? And were you sent to save me?

Ooh, there's God in every move
 Ooh, and you're the living proof (oh)the way your hands can't
 shake me
 Soft to the touch like, baby
 Ooh, there's God in every move
 Ooh, and you're the living proof (oh)
 Like a choir singing "Hallelujah"
 Ooh yeah, choir singing "Hallelujah"
 Like a choir singing "Hallelujah"
 Hallelujah, hallelujah
 Choir singing "Hallelujah"
 Body's crashin' right into you (oh)
 Do you feel me?
 Can you feel me?
 'Cause I can't breathe (oh)
 Where did you come from, baby? (Where did you come from,
 baby?)
 And were you sent to save me? (Sent to save me)
 Ooh, there's God in every move (oh)
 Ooh, and you're the living proof (and you're the living proof,
 oh)
 The way your hands can't shake me (the way your hands can't
 shake me)
 Soft to the touch like, baby (soft to the touch like, baby)
 Ooh, there's God in every move (oh)
 Ooh, and you're the living proof (ooh, and you're the living
 proof, oh)
 Like a choir singing "Hallelujah" (baby, baby)
 Ooh yeah, choir singing "Hallelujah" (baby, baby)
 Like a choir singing "Hallelujah" (ooh, ooh)
 Hallelujah, hallelujah (and you're the living proof, oh)
