

Camila Cabello - Must Be Love

tom:
 G
 Wise men say, only fools rush in
 But I took your hand and I jumped right in
 I guess everything has a consequence, oh I, I
 I get mad, and put on a show
 'Cause the high are high but the lows are low
 You control me more than you've ever known
 But I wouldn't have it any other way
 C
 Must be love
 G Am Em
 Or this wouldn't hurt so much
 F C
 And I wouldn't think so much
 Em F
 And I could just give you up, up, oh
 C
 Must be love
 G Am Em
 Or this wouldn't hurt so much
 F C
 And I wouldn't think so much
 Em F
 And I could just give you up, up, oh
 C G
 I fall hard, that's just how I am
 Am Em
 And I bend and break like a rubber band
 F C
 Everything gets real after two AM
 Em F C
 So don't, don't, don't look at me like that
 G
 When you're the one that implied that

Am
 'Cause I'm gonna look at you right back
 C
 We fuss and we fight, forget that night
 Em
 And I wouldn't have it any other way
 C
 Must be love
 G Am Em
 Or this wouldn't hurt so much
 F C
 And I wouldn't think so much
 Em F
 And I could just give you up, up, oh
 C
 Must be love
 G Am Em
 Or this wouldn't hurt so much
 F C
 And I wouldn't think so much
 Em F
 And I could just give you up, up, oh
 Dm Em F
 Love, love, love
 G
 And I could just give you up
 C
 Must be love
